

Canada's Voice for  
Brownfields Redevelopment

## May 2018 Newsflash #6

### CBN 2018 Conference

### The Clock is Ticking - Register Today for CBN's Conference, the **MUST ATTEND** Brownfield Event of the Year!

CBN's 2018 Conference *National Brownfield Summit: Charting the Future* is less than a week away, and it could be the most important brownfields event this year. Why?

The full Conference program is available [here](#), and you can register [here](#).

### CBN's Regulatory Update - Excess Soils and Soils Management

Our popular annual Cross-Country Check-up will be more focused this year. Our panelists from British Columbia, Alberta, Ontario and Quebec will update us on recent changes to Excess Soil Management and movements and how these changes will impact Brownfield activities in each Province. Further, we will get the first look at requirements in the new Alberta Remediation Regulation.

The updates will be presented by:

- **Laurent Pilon**, Réseau environnement, covering Quebec developments
- **Krista Barfoot**, Jacobs, presenting recent/proposed Ontario changes
- **Lisa Fairweather**, Alberta Environment and Parks
- **Kerri Skelly**, BC Ministry of Environment and Climate Change Strategy

This is only one of the engaging sessions at the CBN 2018 Conference; we're sure you will want to be part of the conversations, so be sure to register [today](#).

## Introducing Stantec - Sponsors of Registration

CBN is pleased to welcome Stantec back as a Gold sponsor. Our specialists look at your project from every angle, above and below ground. We use our expertise to investigate, plan, and implement the right solution to your challenges. It is our mission to understand the purpose and tailor our design, whether it's a subsurface investigation, development of a remedial action plan, a human health and ecological risk assessment, or an emergency response plan.

For more information about Stantec, please visit their [website](#).

## Thank You to Our Sponsors for Their Support
