Atlantic PIRI

PIRI (Partners In RBCA Implementation)

RBCA “*Rebecca*” (Risk Based Corrective Action)

- **Forum** of Atlantic Provinces’ regulators; industry representatives; regional consultant professionals; and support from essential corresponding members
- **Champion** progressive and sustainable management of impacted sites
- **Promote** brownfield development through communication and engagement of government and private sector stakeholders
- **Encourage** legislative changes to implement harmonized and sustainable remediation approaches
- **Monitor, evaluate and integrate** into the Atlantic RBCA process, appropriate advances in risk assessment and management techniques for impacted sites
- **Over 6,400** regulatory file closures (since 1997)
- **Remediated properties** = fit for use, are repurposed or ready for new development

Strategic Goals

Maintain and enhance consistency among the four Atlantic Provinces

Provide regulatory support

Improve Atlantic RBCA process

Integrate appropriate advances in risk assessment and management

Encourage harmonized regulatory and legislative changes

Further site redevelopment through enhanced communication and engagement of stakeholders

Atlantic PIRI Activities

Recent

- Modernized Atlantic RBCA website
- Published publicly accessible information on contaminated sites report
- Released annual reporting summary

Current

- Completing economic benefits analysis
- Scoping analysis of third party notification issues
- Developing a communication plan

Ongoing

- Providing continued support to provincial initiatives as needed
- Conducting jurisdictional scans contaminated sites/brownfield regulations
- Engaging stakeholders through conference attendance/presentations

New Brunswick

Guideline for the Management of Contaminated Sites

Implement the Comprehensive Plan for Brownfield Redevelopment

Released Record of Site Condition Version 3.0

Nova Scotia
